Whittier College Department of Physics and Astronomy

# **Review**

---

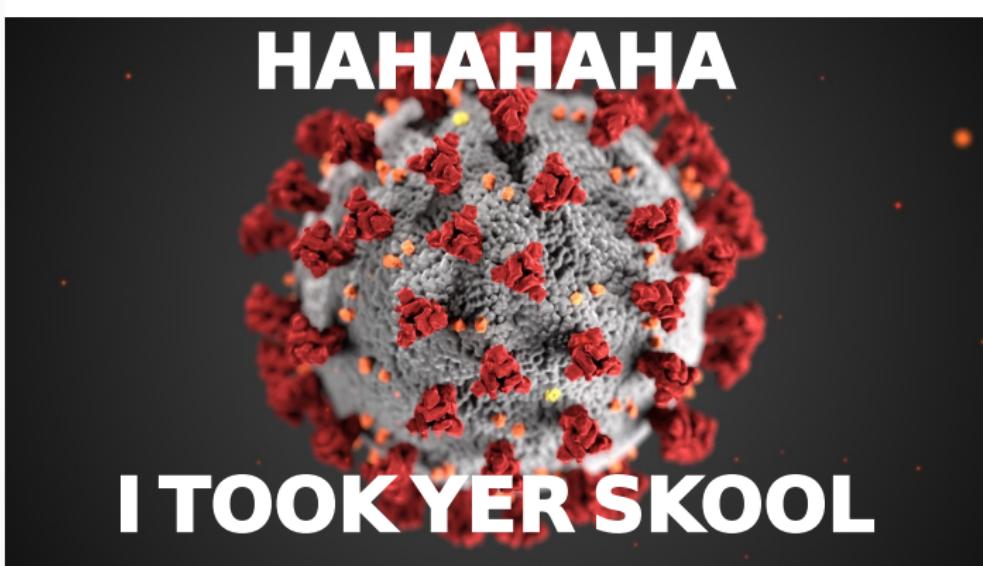

# Summary

1. Chapter 18 - Charges and Electric Fields
2. Chapter 19 - Electric Potential and Electric Field
3. Chapter 20 - Electric Current, Resistance, and Ohm's Law
4. Chapter 21 - Circuits and DC instruments
5. Chapter 22 - Magnetism
6. Electromagnetic Induction
7. Pivot Interactive Laboratories
8. Physics Education Technology (PhET) simulations
9. Self-designed experiments

**It has been my pleasure.**
