

Algebra-Based Physics-1: Mechanics (PHYS135A): Summary

Jordan Hanson

December 1, 2021

Whittier College Department of Physics and Astronomy

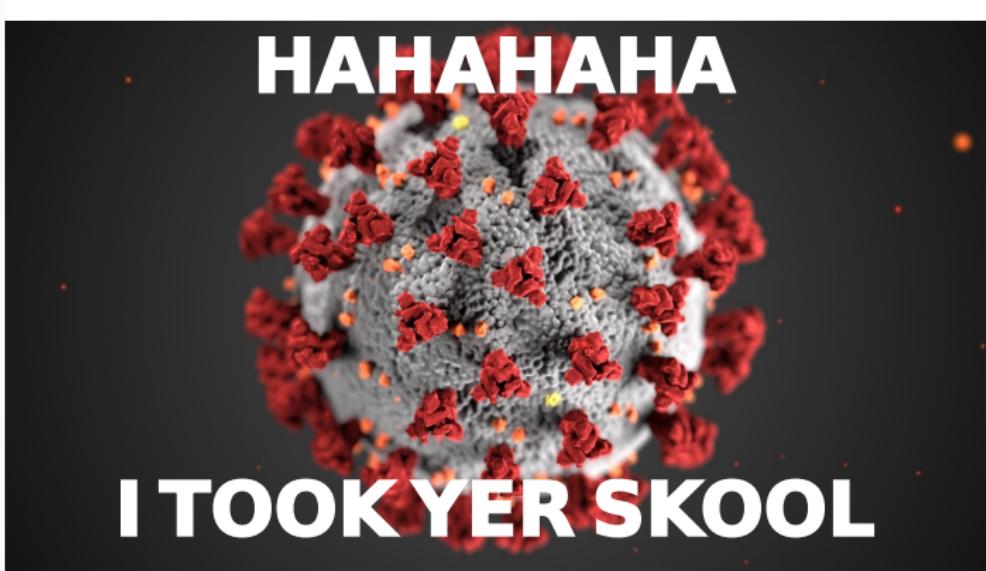

Review

Summary

1. Unit 0 - Units, estimation, and vectors
2. Unit 1 - Kinematics
3. Unit 2 - Kinematics in More than One Dimension
4. Unit 3 - Midterm 1
5. Unit 4 - Newton's Laws of Motion
6. Unit 5 - Applications of Newton's Laws: friction, drag, elasticity
7. Final Project Proposals
8. Unit 6 - Uniform Circular Motion
9. Unit 7 - Work, Energy, and Energy Consumption
10. Unit 8 - Linear Momentum
11. Unit 9 - Rotational Dynamics

It has been my pleasure.
